

Heatmap visualization of the 1990s dataset. The y-axis represents 'Player total' (ranging from 12 to 21) and the x-axis represents categories (ranging from 1 to 9). The color scale ranges from 0 (dark purple) to 100 (yellow). The heatmap shows a complex pattern of values, with higher scores (yellow) concentrated in the lower right quadrant (categories 6-9, player totals 18-21) and lower scores (dark purple) concentrated in the upper left quadrant (categories 1-4, player totals 12-15).
